Do your students understand what a career in ecology can offer? How about landscape architecture? Environmental engineering? Or that almost every environmental consultancy, government department and eNGO employs media and public relations staff?

As the environmental sector continues to grow and diversify, so do the career opportunities.

Wild Mob is partnering with the Land Trust, Nudgee Beach Environmental Education Centre and The Smith Family to host an Environment Careers & Opportunities (ECO) Expo, highlighting the opportunities available to students, their teachers and parents.

**Event Information**

**Date:** Wednesday 24th October 2012  
**Time:**  
- 1st Session: 12 - 3pm (Schools)  
- 2nd Session: 5 - 8pm (Students & Parents)  
**Venue:** The Edge, Southbank, Brisbane

For more information and to register, please email Renee at Wild Mob on: renee@wildmob.org

**The event will include:**

- Special guest (evening session); Holly Carroll, Biologist and Presenter of the exciting new 3D documentary film *The Last of the Great Apes*  
- A range of industry professionals sharing their own experiences  
- Study options including University and TAFE Pathways  
- Volunteer opportunities and environmental organisations  
- Interactive displays and workshops including Ocean Life who will help ‘bring the sea to you’  
- Art, music and dance performances  
- Lucky door prizes

Proudly supporting the ECO Expo:
